Benjamin Mager

New York, NY | 718-406-5055 | benjamin.m.mager@gmail.com | linkedin.com/in/benjamin-mager

EDUCATION

University of California, Santa Barbara Expected June 2029
Bachelor of Arts in Economics; Financial Mathematics and Statistics | **GPA: 3.8 / 4.00**

EXPERIENCE

AdvancedApplied.AI (startup), New York, NY Dec 2025 – Present
Research Analyst Extern/Intern
- Built a prototype of the Judgment Under Uncertainty decision profile for an autonomous research agent, translating Kahneman-Tversky behavioral economics into an executable risk module and decision-readiness scoring.
- Produced source-verified analytical reports across hundreds of research entities by tuning autonomous agent workflows, expanding coverage without added manual review.
- Built training and client-facing sales materials and product roadmaps for the AI Collaborator platform.

TAMID Group at UCSB, Santa Barbara, CA Jan 2026 – Present
Project Manager, Investment Fund Analyst
- Completed the member education track, then project manager on Tutterra: market, drivers, competitive forces, and pricing; presented the deck in a sign-off meeting with the founder.
- Built an equity pitch for TAMID's global competition and $70,000 chapter portfolio, combining operating forecasts, a DCF, trading comps, and base/downside scenarios with valuation sensitivities to support a Buy on monday.com.

Surelia Infosystems, New York, NY Jan 2025 – Mar 2025
Global Solutions Extern
- Compared AWS, Azure, and GitHub Pages for the US subsidiary production site, including modeling for the hosting decision, and presented the options, decision, and rollout plan to senior management.
- Developed a GitHub Pages prototype adopted as the global website.

CodeWithBen.AI Jul 2022 – Feb 2025
Founder and Head Teacher
- Founded a programming education initiative; taught Java, JavaScript, and Python.

ACTIVITIES

Bridgeway Advisors – Debt Capital Markets Finance Bootcamp Oct 2026 – Nov 2026
Participant
- Selected for a four-week debt capital markets program covering bond pricing, credit ratings, and bank vs. bond financing.
- Analyzed 29 corporate bond tranches across banks, utilities, and auto finance by rating, collateral, tenor, and credit spread; ranked three single-A bonds by relative credit risk and presented findings in a one-page summary.

The Finance Connection – Investment Banking Workshop Sep 2026 – Present
Member
- Selected through a competitive two-round interview process for a sophomore cohort preparing for investment banking recruiting; completed weekly technical training in accounting, valuation, and financial modeling.
- Built a three-statement model, DCF, and LBO for Crocs, Inc. and presented valuation conclusions to the cohort.

The Finance Connection – Wealth Management Workshop Sep 2026 – Present
Member
- Construct and customize portfolios in stocks, bonds, cash, and real assets for income needs, time horizon, and risk tolerance.
- Prepare for client meetings: how to read rates, inflation, and the market, and how to advise on the allocation.

Kappa Sigma at UCSB, Santa Barbara, CA Mar 2026 – Present
Treasurer
- Managing $100k+ operating cashflow.
